**Wesley Tipton**

Chief Information Officer

**Kerrie McIntyre**

Dir. of Special Education

**Kathy Maust**

Chief Academic Officer

**Jeanne Crowe**

Continuous Improvement

September 22, 2020

Dear Parents,

The Bourbon County School Board voted on September 21, 2020 to give parents the option of choosing distance (virtual learning) or in person instruction. The in person instruction will begin on September 28, 2020. If you have not registered your child for the type of instruction that you will choose on September 28th, please contact your child's school.

If you visit the Bourbon County district website, you will find the district's reopening plan. This plan outlines the academic options, the safety guidelines, and will answer many questions that you may have. You can find additional information regarding the two options at the elementary level, or the three options at the middle and high school level, as well as the transportation plan on your child's individual school website.

The safety of our students and staff is our number one priority. We will be monitoring the status of Covid 19 cases in our county, and you will be notified of any changes as quickly as possible, should they occur. If you have questions or concerns, please contact the principal at your child's school. I look forward to having students back in our schools!

Respectfully,

Amy Baker  
Superintendent
